This Document (in this section referred to as "Document") contains a variety of (a) materials and other items relating to products or services of Scientific Games Corporation, or one or more of its directly or indirectly wholly owned companies (collectively referred to in this Document as "Scientific Games"), products and services, and similar items from Scientific Games' licensors and other third parties, including all layout, information, text and scripts, data, files, images, photographs, pictures, artwork, designs, graphics, logos, drawings, charts, button icons, instructions, illustrations, advertising copy, technology, interactive features, "look and feel," and the compilation, assembly and arrangement of the materials of the Document, and any and all copyrightable material; (b) service marks, trademarks, logos, trade names and trade identities of Scientific Games or their licensors, where applicable (collectively referred to in this section as "Trademarks"); and (c) other forms of intellectual property (all of the foregoing, collectively referred to in this section as "Content"). The Document and the Content are owned or controlled by Scientific Games or its licensors, where applicable. All right, title, and interest in and to the Content is the property of Scientific Games, where applicable, and is protected by the copyright, trademark or other intellectual property laws of the United States and elsewhere to the fullest extent possible. Scientific Games owns the copyright in the selection, compilation, assembly, arrangement, and enhancement of the Content in the Document. All trademark notices designate marks owned by, or under license to or from, Scientific Games, or one or more of its directly or indirectly wholly owned companies, in the United States or elsewhere. For a more comprehensive statement of any specific right or interest, please contact the Legal Department at [counsel@scientificgames.com](mailto:counsel@scientificgames.com). Scientific Games grants you a limited, non-exclusive, revocable, non-assignable, personal, and non-transferable license to view and/or print one copy of the Content, but Scientific Games or its licensors, as the case may be, retain ownership of such Content. The foregoing limited license does not provide you any ownership of, or any other intellectual property interest in, any Content and this license may be immediately suspended or terminated for any reason, by Scientific Games in their sole discretion, and without advance notice or liability.

The specifications and information contained in this documentation are subject to change without notice. All statements, information, illustrations, specifications and recommendations in this documentation are believed to be accurate, but are provided without warranty of any kind, express or implied. The product referenced in this Document is being provided by Scientific Games as is.

STEP 16. On the back of the Wave cabinets install the gaskets (252490).

**CAUTION**

Because the unit is top heavy, install the right Wave cabinet before taking any other step.

STEP 17. On the right side of the unit, install one Wave cabinet, secure with two screws (LSPP-M0610-1206), and route the line cord through the access hole at the base.
